The idea of sportsmanship permeates virtually in every aspect of our culture. The ethic of fair play may be witnessed in all facets of life. However, its origin has been firmly established in sports and is conceptually and pragmatically a training ground for good citizenship and high behavioral standards.

Recently, the idea of sportsmanship has often been relegated to a secondary role. A need exists to again make this role primary, and to restore a placement of importance on sportsmanship/ethics in our lives. For this reason El Korah Shrine Temple's All Star Football Committee is going on record as a supporter of these goals and guidelines established by both the National Interscholastic Athletic Administrators Association and our own Idaho High School Athletic Association for the administration of the District Three El Korah Shrine All Star Game.

The Guidelines are as follows:
